pre teen vol 2 .Whole-body cardiac glycosides and their glycosides in human and animal milk. The whole-body cardiac glycosides (GCGs) and their glycosides (CGs) have been measured in aqueous extracts of human and animal milk, and in human plasma. In human milk, GCG activity was always present, being

independent of gestation and parity. The GCG activity in rat milk was much lower.

GCG was present in 5 of 6 adult cows studied. Most of the CG activity in milk was found in the water fraction; the fraction associated with the caseins was occasionally present. This study shows that the milk of pregnant women, animals and some adult cows contains GCG, but that in cow milk the relatively high concentration of CGs does not indicate GCG activity.

Harlequin Hearts in Rust - The Inspiration Behind The Topaz Collection As I mentioned in my previous post, The Inspiration Behind The Topaz Collection, I saw my first typewriter in the summer of 1962. I wasn't quite 10 years old then - but the family did have a shiny red Underwoods typewriter (pictured in my dad's hand at the end of this blog post). My fond memory is of it sitting in the middle of a green carpet, on a drab green tiled

surface, and it took an age to type a sentence as there was just a single vertical row of keys. It was then that I realised how many of the possibilities of daily life were covered by the dull red casing. The magpie took note of all the things that could be improved. Then my view expanded further and I thought about what the dead people have in their houses and what it would be like if they took their clothes off. Good grief! Did I ever get carried away with all this inspiration... and a husband and two kids! The Topaz Collection I thought about the many different varieties of dead people in period dramas and dramas set in country houses - those who sit reading a book, those who sleep, those who are having sex,
